

WHY TEACH MUSIC?

MUSIC IS A SCIENCE. It is exact, specific; and it demands exact acoustics. A conductor's full score is a chart, a graph which indicates frequencies, intensities, volume changes, melody, and harmony all at once and with the most exact control of time.

MUSIC IS MATHEMATICAL. It is rhythmically based on the subdivisions of time into fractions which must be done instantaneously, not worked out on paper.

MUSIC IS A FOREIGN LANGUAGE. Most of the terms are in Italian, German, or French; and the notation is certainly not English - but a highly developed kind of shorthand that uses symbols to represent ideas. The semantics of music is the most complete and universal language.

MUSIC IS HISTORY. Music reflects the environment and times of its creation, often even the country and/or racial feeling.

MUSIC IS PHYSICAL EDUCATION. It requires fantastic coordination of fingers, hands, arms, and lip, cheek and facial muscles, in addition to extraordinary control of the diaphragmatic, back, stomach and chest muscles, which respond instantly to the sound the ears hear and the mind interprets.

MUSIC DEVELOPS INSIGHT AND DEMANDS RESEARCH.

MUSIC IS ALL THESE THINGS,
but most of all --

MUSIC IS ART!

- It allows a human being to take all these dry, technically boring (but difficult) techniques and use them to **CREATE EMOTION.** That is the one thing other disciplines cannot duplicate.

That Is Why We Teach Music!!

Not because we expect you to major in music

Not because we expect you to play or sing all your life

Not so you can relax

Not so you can have fun

BUT -

so you will be human

so you will recognize beauty

so you will be sensitive

so you will be closer to an infinite beyond this world

so you will have something to cling to

*so you will have more love,
more compassion,
more gentleness,
more good - in short,
more life.*

For of what value will it be to make a prosperous living unless you know how to live?

That Is Why We Teach Music!!
